Absolutely! We love sharing the love!

You may also request special gift wrapping or packaging for your order. Please note that this may incur a small additional charge.

Please specify in the order instructions that this is a SURPRISE order so that we do not contact the recipient or issue a printed invoice and Official Receipt.

Please specify your preferred contact number so we can coordinate it with you.

Set the shipping address as the recipient's location.

You can pay for the order online or via bank transfer. Please set the billing address and info as your details. If you would like to pay via cash, we can pick it up at your location for an additional fee.
