Can I use GCash/Maya to pay?

Suise Ubeda - 2026-07-27 - Comments (0) - Payment

Yes, you can use GCash/Maya as payment by using QRPH in-person or online with zero transaction fees. For QRPH in-person, you can pay using your GCash/Maya wallet when our super driver delivers your order. For QRPH online, a payment link will be sent to your inbox from Paymongo (our 3rd party payment gateway) with the final amount once all amendments have been made to your order.
