How can I pay using Billease?

Suise Ubeda - 2026-02-08 - [Comments \(0\)](#) - [Payment](#)

We've partnered with Billease to provide you with installment payment option at checkout, so you have full control over your spending and configure your payment schedule the way you like it.

Apply for a Billeae account on [billease.ph](#). This may take 1-7 days subject to Billease approval. You will receive an email from Billease once your account is approved.

Choose Billease (Buy Now, Pay Later) during checkout. An online payment link will be sent to your inbox from Billease (no-reply@billease.ph) with the final amount once all amendments have been made to your order.

Pay up to P3,000 with 0% interest 30 days later. Any additional amount over this threshold can be settled via a different method.

Billease is an independent loan provider and Shop Suki is in no way involved in approving accounts or credit limits.

If you currently don't have an approved account and have placed an order, we will have to ask you to change your payment method.

Kindly let us know by messaging us through [email](#), [Facebook](#) or through these numbers, 09178036336 or 09518068769.
