How do I reorder?

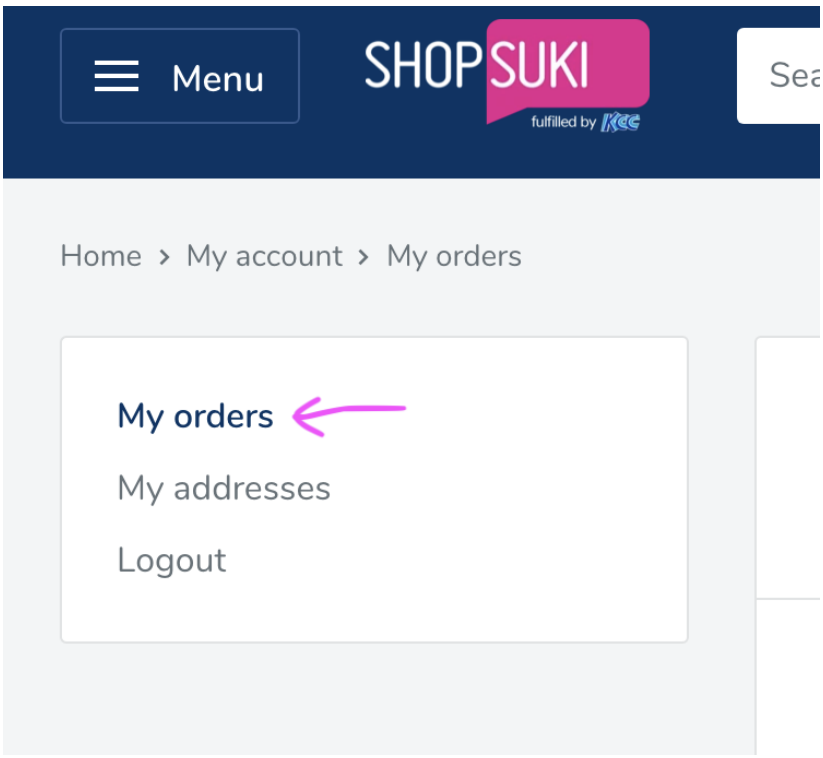

Suise Ubeda - 2026-07-24 - Comments (0) - General

Good news you can reorder in just one click!

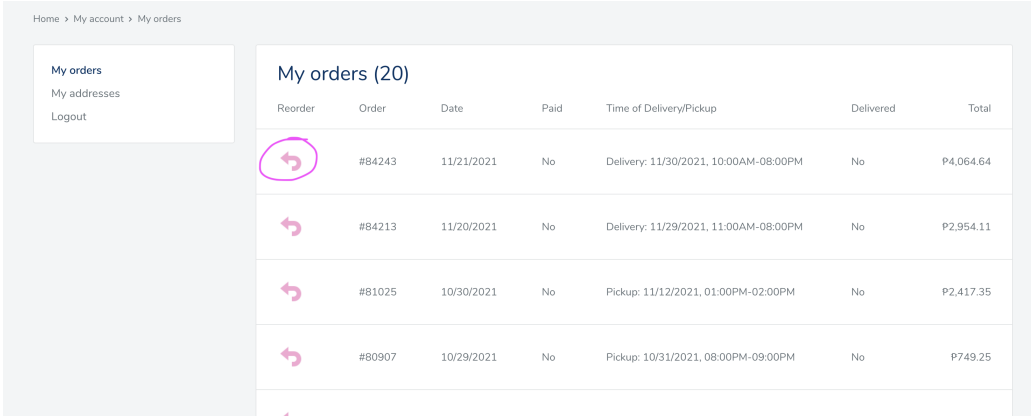

1. Simply log into your account in the upper right corner of your screen.

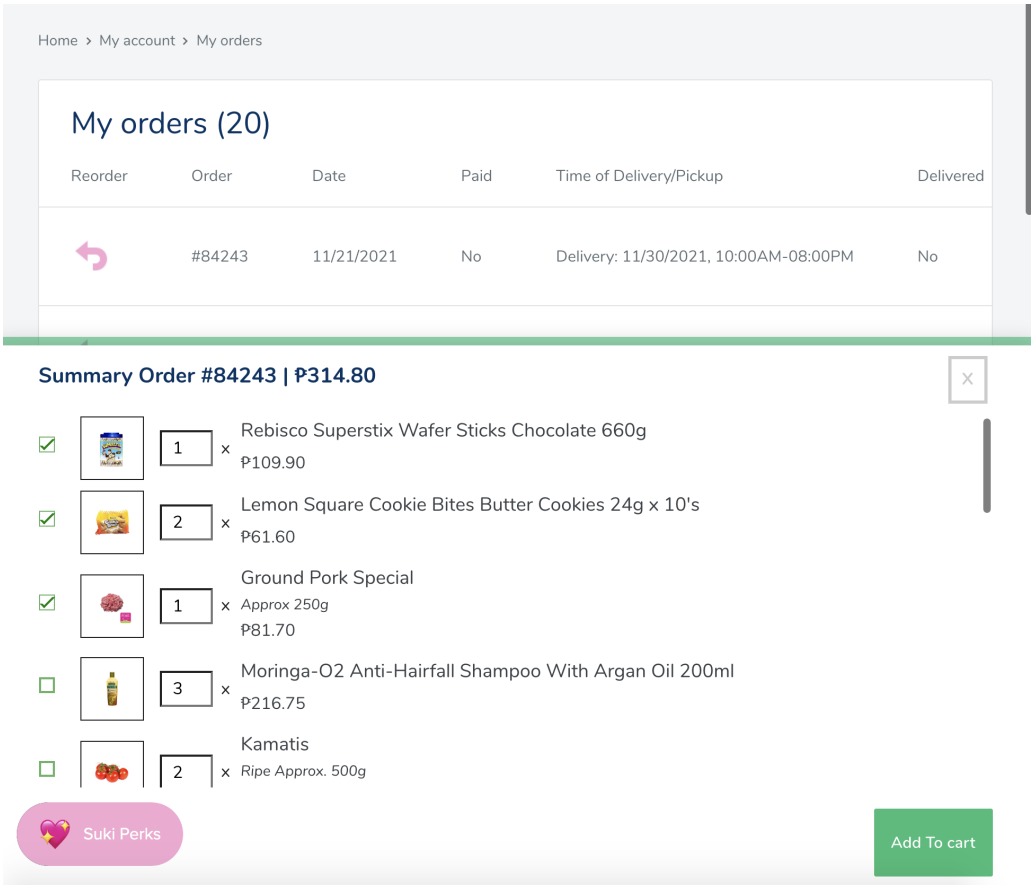

2. Click on my orders

3. Find the order you would like to reorder and click this pink arrow

4. Check the items you would like to order again and change the quantities as desired. Click add to cart when you are ready.

You can reorder multiple orders at once.

Please note that availability and prices may vary. Please double check your final cart to confirm.
