I already paid online and I want to add another item to my order. What should I do?

Item additions can be accommodated as long as your order has not yet been dispatched for delivery. Depending on the number of items you would like to add to your order, we may have to ask you to create another order to ensure that no delays occur.

You may inform us via Facebook, email, or any of our support numbers. You can also inform your order specialist when they contact you.

We can provide you another payment link for the excess payment for your order addition, or you can pay it by cash on delivery, swiped on delivery, GCash, BillEase, or PayMaya Wallet.
