I live abroad and want to order for my family, how do I pay for it?

Suise Ubeda - 2026-07-24 - Comments (0) - General

Yes, absolutely! We are able to provide you with an online payment option. You may place an order, specify the delivery address for the recipient, and choose your payment method as Online Debit or Credit Card. Choose Online Debit or Credit Card (Local) if you are paying using a Philippine issued card or Online Debit or Credit Card (Foreign) for card issued abroad.

Please note that the online payment link is only sent when your order is finalized (all items have been confirmed as in stock by our specialist) as it may take weeks to obtain a refund from your bank (in case of any order changes).

We will do our best to send this link as soon as possible to account for any time zone difference. However, please note that we operate in the Philippine hours (GMT+8) from 7:30am to 9:00pm. For click and collect/pick up orders, we normally send the link 30 minutes to 1 hour before the order is due.

Please also indicate in the order instructions box who will be the point of contact for any amendments that may be required.
