What are delivery slots?

Suise Ubeda - 2026-07-27 - Comments (0) - Shipping & Pick-up FAQs

Delivery slots are the next day delivery time slot in 3-hour or 4-hour windows in which you will receive your order. You can choose your preferred date and time slot from the available schedule based on your delivery address. You may opt to place your order early to secure your desired next day delivery slot.
