

What happens if I'm not able to pay immediately?

We aim to send you the payment link as soon as the order and payment amount have been finalized, including all amendments and additions.

For delivery orders with an AM slot, payments must be made before 6:30AM on the delivery date. For delivery orders with a PM slot, payments must be made before 11:00AM on the delivery date, otherwise the delivery will be postponed the next day.

Failure to pay before the mentioned cutoff period forfeits your slot. We will inform you via call, text, email, or Facebook Messenger of any available slots and we will move your delivery schedule. You may also notify us of your preferred slot.

If your order is cancelled because of inability to pay and we are unable to resell fresh items in your order, you will be charged for these.
